

IT Managers: with this app loaded, you can **safely leave town.**

HAILaGEEK

No, we're serious! Load this app on your phone before you leave. If the office has an emergency that requires a hands-on tech, you can hail one instantly using this app and manage the whole job through the app.

FASTER RESPONSE

than any other method of getting a hands-on tech to your panicking office.

NO LONG SEARCHES

through pages of search results trying to find the right hands-on tech.

NO PHONE TAG

trying to reach techs who are already on other jobs.

NO DEADBEATS

thanks to the most thorough background checks, ratings and reviews in the business.
